**Dr. Lillian Hung** is the founder and head of IDEA lab (Innovation in Dementia & Aging). Her research examines how technology and environment impact the care experiences of persons with dementia. She has expertise in patient-oriented research and knowledge translation. She is committed to facilitating connectivity between academia and practice, working collaboratively with interprofessional practitioners to find practical solutions to address pressing problems in care settings.

**EMPOWERING CARE:**

**Bridging Technology & Compassion  
in Transdisciplinary Collaboration**
